

**MUIR MATHESON**  
WEATHER MONITORING

# SO/37 Static pressure head

20/02/2008

Designed to provide accurate readings of atmospheric pressure by preventing artificial pressurisation due to the effects of wind and weather.

**Data** Useful in pressure monitoring applications – weather, HVAC and air conditioning systems  
Especially suited to harsh environments due to its rugged construction  
Mounting brackets available

**Material** Static pressure head - U++MW UV light stabilised Propylene  
Stainless Steel Tube is grade 316  
Stainless Steel bolts are A4 grade.

**Dimensions** Height 335mm  
Diameter 60mm

**Weight** 0.40Kg
